ABOUT

Frontend Web Developer with 2+ years of experience building scalable, user-focused web applications using Angular, TypeScript, and PostgreSQL. Skilled in transforming complex requirements into intuitive, high-performing interfaces. Graphic design background adds a strong eye for UX/UI. Seeking a remote position to contribute to modern, user-centric web solutions.

WORK EXPERIENCE

Web Application Developer | Apr 2023 – Jul 2025
STARDIAG, Remote (Cluj, Romania)

- Developed a modular Angular web application with a Go backend, supporting full business management features (authentication, ACL, real-time database).

- Optimized PostgreSQL queries (JSONB, RLS, full-text search), significantly improving query performance and ensuring secure, role-based data access.

- Collaborated with a cross-functional team, contributing to architectural planning and ensuring scalability for future product growth.

- Collaborated in cross-functional team, integrating backend and frontend workflows.

Commercial Graphic Designer | Jun 2021 – Dec 2022
ELECTROSERVICE ROZELOR SRL, Mangalia

- Delivered brand identities and promotional products for hospitality businesses.
- Designed menus, flyers, window graphics, and logos with Adobe and Affinity Suite.
- Operated production equipment including laser cutter and plotter.

Auto Electrician | Apr 2014 – Apr 2021
PRIVATE GARAGE, Mangalia

- Diagnosed and repaired complex vehicle electronics across multiple brands.
- Interpreted wiring diagrams and used advanced diagnostic tools.
